The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters SPS 382 through 384, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. **This approval is valid until the end of MARCH 2017.**

This approval is contingent upon compliance with the following stipulation(s):

- Installation of systems that conform to this POWTS component manual must consist of wastewater treatment tank(s) approved by the Department of Commerce, Division of Safety and Buildings that meet the criteria listed in the manual. Tanks that are approved with options that allow the tank to meet the requirements of this manual, without further modifications to the tank, are considered approved tank in accordance with this manual.
- Approval of this POWTS Component Manual is for recognition for designs of systems that are covered by this manual. Systems that are designed, installed and maintained in accordance with this manual will provide treatment and dispersal of domestic wastewater in conformance with s. Comm 83, Wis. Adm. Code.
- Revisions to this version of the COMPONENT MANUAL, during the approval period shall be submitted for review and approval with documentation having the most current version or revision date so noted.
- Approval of this design manual does not constitute approval of individual POWTS designs based on this manual; site-specific designs shall be submitted to the appropriate governmental unit for review and approval prior to installation.
- Additional information is included as attachment(s) to this letter; see attachment A.

This approval supersedes the approval issued on 3/1/2007 under product file number 20090366.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,
