01/21/22
~~11/26/21~~

APPRENTICE SCHOOL IMPORTANT NOTES FOR THE SPRING 2022 SEMESTER

We want to call your attention to several important factors for this SPRING semester:

1. **PL75 Training Center COVID-19 Controls** – Read and adhere to printed guidelines/policies (sample attached-subject to change). While we continue to promote behaviors that reduce the spread of the virus, we'll continue several pre-COVID19 practices:

The **EDUCATION DOORS** at the **WEST END** of the building will be open for entrance/exit; you will NOT be required to conduct a temperature check or complete a reporting agreement upon entering the building; the kitchen will be open and available for student use.

Students are expected to continue with proper hand hygiene, cough/sneeze etiquette & self-monitoring for symptoms. Students who are waiting on COVID19 test results or need to quarantine MUST CONTACT THE TRAINING DIRECTOR AND PROVIDE DOCUMENTATION of a negative test or quarantine orders before returning to class.

2. **Laptops** – As a reminder, a laptop (preferred) or tablet is mandatory for ALL Paid-Related Instruction (Day School) classes and may be required for most Unpaid-Related Instruction (Night School) classes. If you are in need of a laptop, contact the Apprenticeship Office immediately, as we have limited inventory to sell (HP Inc-Smart Buy 255 G7 15.6" 8GB Ram Windows 10 AMD Radeon R4) at a reduced price of **\$500.00**.
3. **Code Books & POWTS Manuals for Sale** – A current WI Plumbing Code Book is required PRIOR TO 1st semester Day School; a current WI Plumbing Code Book & POWTS Component Manuals are required prior to Code Review Night School – both are for sale through the Plumbers Local 75 Education Department (Code Book-**\$60.00**; POWTS-**\$50.00**). Contact our office if you need to purchase either of these items.
4. **CPR/AED, First Aid & Bloodborne Pathogens Training** – Will be done as BLENDED LEARNING, to include online course content and a 2-hour in-person session for the skills check & BBP training. If you need to complete this requirement as a new apprentice OR you are up for your refresher at the end of your apprenticeship, **WATCH FOR A SEPARATE NOTICE TO BE SENT IN JANUARY** with specific course instructions.

Have a safe and happy holiday! Enjoy your break - we'll look forward to having you back to continue with your apprenticeship instruction and requirements!

Sincerely,

MILWAUKEE AREA JOINT PLUMBING APPRENTICESHIP COMMITTEE

MAJPAC/skc

Plumbers Education Student Illness Policy

Eff. 02/02/22

Plumbers Local 75 and the Education Department are fully committed to safeguarding the health and safety of all Apprentices, Journeymen, Students, Instructors, Proctors, visitors, and staff. For this reason, effective immediately, Plumbers Local 75 Education Department enacts the following policy applicable to all students attending school at the Training Center:

- Due to CDC recommendations and current city ordinances, **Masks will be REQUIRED to be worn in classrooms and places of gathering at this time by students and instructors.** Vaccination status will have no exception in the ruling. This will be mandatory until there is a change in CDC status and/or city ordinance.
- All students will self-monitor for symptoms of illness **prior** to school arrival.
- Students who have any symptoms of fever OR respiratory illness will not be permitted in the training center.
- Students who are waiting on the results of a COVID19 test, have tested positive for COVID19 and are under isolation orders or are living in a household where a close contact tested positive for COVID-19 will **not** be permitted in the training center. Durations and length of quarantine in time will be based on current CDC recommendations.

****STUDENTS NOT PERMITTED TO ENTER THE TRAINING CENTER ARE REQUIRED TO CONTACT THE TRAINING DIRECTOR (414-359-1318 EXT 2) FOR CLARIFICATION OF THE POLICY AND TO DETERMINE A PERMITTED RETURN DATE.**

- Students will be given the opportunity to virtually attend or make up the class if the attendance violation is due to a Covid issue. To be granted this exception, a negative PCR Covid test must be issued to the Education Office or Training Director prior to having the ability to return to the training center.
- **Students understand these policies may be updated to reflect changes in infection rates & spread and, if so, students are expected to follow any updated protocols as notified.**
- Students are required to sign this agreement indicating they understand the policy and agree to follow the guidelines.

MY APOLOGIES FOR ANY INCONVENIENCE, BUT THE OVERALL SAFETY OF THE CENTER IS THE PRIORITY, OVER THE DISCOMFORT THAT IT BRINGS, TO KEEP THE CENTER RUNNING AND EVERYONE SAFE!!
